PERKINS GETS OUT

Morgan's Right Hand Man Resigns Insurance Position.

IMPORTANT STATEMENT

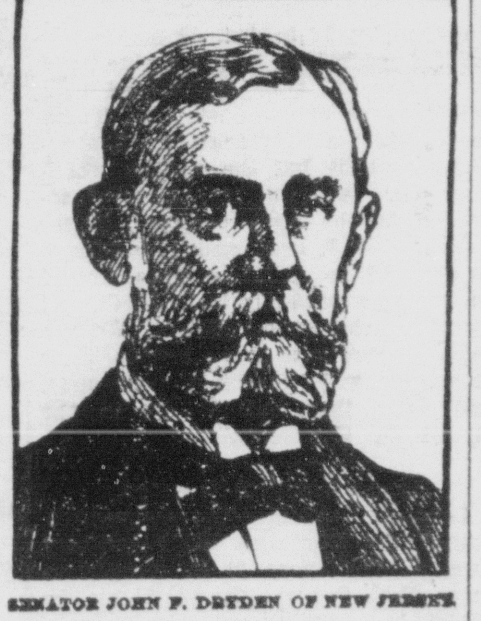
United States Senator Dryden on the Stand Favors Federal Supervision of Life Insurance.

Charles A. Peabody Has Been Elected Head of Mutual to Succeed McCurdy.

New York, Dec. 14.—Two incidents affecting the life insurance situation in New York have overshadowed the legislative committee investigation. While the committee was inquiring into the conduct of the Prudential Life Insurance company and the Metropolitan Life Insurance company, George W. Perkins resigned as first vice president and chairman of the finance committee of the New York Life Insurance company. He was succeeded as vice president by Alexander E. Orr, president of the New York City Rapid Transit commission, and as chairman of the finance committee by John Claflin, head of the H. B. Claflin company.

Another important move in the situation was the election by the trustees of the Mutual Life Insurance company of Charles A. Peabody to succeed Richard A. McCurdy as president of that company at $50,000 a year. Mr. McCurdy's salary was $150,000. Mr. Peabody is a lawyer, the American representative of William Waldorf Astor and a director in several banks and other corporations, of which one is the Illinois Central Railroad company. Mr. Peabody also was nominated as trustee of the Mutual Life Insurance company, to succeed Justice Rufus W. Peckham, and Emory McClintock was nominated to succeed Elihu Root. They cannot be elected as trustees until the next meeting of the board.

United States Senator John F. Dryden of New Jersey, president of the Prudential Life Insurance company, again testified before the investigating committee and made a statement to the committee of his reasons for favoring federal supervision of life insurance companies, through a national insurance department, which, he said, should have high authority over them. This, he said, would benefit both the companies and the insured.



SENATOR JOHN F. DRYDEN OF NEW JERSEY.

The tendency of the holders of industrial policies in the Prudential and Metropolitan Life Insurance companies to lapse were examined in great detail by Charles E. Hughes, counsel of the committee, who quoted a statement of the Prudential company that 72 per cent of its industrial policies lapsed within five years from the date of issue. Senator Dryden declared that this is much to be regretted from the standpoint of the company as well as from that of the insured, and that the tendency now is toward a greater persistency on the part of the industrial holders than formerly. The senator asserted that industrial insurance, even with high rates and tendency to lapse, is the greatest economic force now in operation in this country.

Just before adjournment for the day Haley Fiske, vice president of the Metropolitan company, told of an incident in which that company commissioned William A. Read to buy 3,333 shares of railroad stock for the company. Mr. Fiske said that Mr. Read, the same day, sold the stock to a company of brokers at $10 a share less than the broker sold it to the Metropolitan. Mr. Fiske said he had tried to get the money back, but Mr. Read refused to surrender it.

Indicted for Rebating.

Chicago, Dec. 14.—Indictments were returned in Judge Bethea's court by the federal grand jury against John N. Faithorn, president of the Chicago Terminal company; Fred A. Wann, vice president of the Pere Marquette railway, and the Chicago & Alton railway, charging them with paying rebates amounting to $20,000 on shipments over the Chicago & Alton railway.

Guilty of Robbery.

Martinsville, Ind., Dec. 14.—Bert Glosson and John Stone, young men, were found guilty of robbing Elias Davis while he was drunk, and were sentenced to two years in the reformatory.

WHITE HOUSE WEDDING

Miss Roosevelt Will Be Married to Mr. Longworth in February.

Washington, Dec. 14.—Formal announcement was made last evening by the president and Mrs. Roosevelt of the engagement of their daughter, Alice Lee Roosevelt, to Nicholas Longworth, representative in congress from the First district of Ohio, one of the Cincinnati districts. Coupled with the announcement of the engagement is the additional announcement that the wedding will take place about the middle of next February. While arrangements for the wedding have not been made, it is expected that it will occur at the White House.

Assassination Plot Alleged.

New York, Dec. 14.—Abraham H. Hummel, the attorney, is on trial before Justice Rogers in the criminal branch of the supreme court on the charges of conspiracy and subornation of perjury in connection with the Dodge-Morse divorce case. During the course of the arguments Assistant District Attorney Rand made the assertion that efforts had been made "by the other side" to kill Charles F. Dodge, the most important witness against Hummel. Mr. Rand said it was necessary to guard Dodge constantly. He urged this as one reason for an early hearing of the case.

LEADER REJECTED

The Preeminence of Mr. Williams Denied by Disgruntled Followers.

THREW DOWN A "DEFI"

Shackleford Openly Repudiates Minority Leadership and Lamar Scorns Williams's Friendship.

Democratic Laundry Work Done In the House to Amusement of Republicans.

Washington, Dec. 14.—The "washing of Democratic linen for the amusement of Republicans," as Mr. Williams, the minority leader, put it Monday, occupied the attention of the house for more than four hours yesterday. The result accomplished was a defi thrown at the minority leader by Representative Lamar of Florida and another by Representative Shackleford of Missouri. The complaint of both resulted from the failure of Mr. Williams to recommend their re-appointment as members of the committee on interstate and foreign commerce. Both made long speeches, in which Mr. Williams's leadership was assailed from many points. Mr. Williams replied to Mr. Lamar at some length and briefly to Mr. Shackleford. His defense was that last session the Democrats on his committee were divided and he deemed it necessary for the good of the party and the country that a united minority report should be made on the subject of railroad rate legislation. At times there was high tension in the debate. Mr. Lamar was particularly bitter in his criticism and openly declared that his heretofore personal friendship for Mr. Williams was forever at an end unless the criticism of himself were retracted. He, however, would recognize Mr. Williams as the party leader.

Mr. Shackleford denounced all bosses and placed himself entirely independent of leadership in the house. The subject under consideration was the committee distribution of the annual message of President Roosevelt. At the conclusion of the Democratic debate this had not been accomplished and the house adjourned.

The senate was in session for only an hour and a half and a portion of that time was spent in the consideration of executive business. A number of private bills were introduced in the open session and Mr. Allison presented the report of the committee on appropriations on the Panama canal bill, giving notice that he would call it up for consideration today. A communication from Secretary Shaw regarding campaign contributions by national banks was read. The secretary enclosed a letter from the comptroller of the currency saying that the reports of the bank inspectors reveal only a few small contributions in the last 14 years.

Would Help in This State.

Washington, Dec. 14.—Among the bills introduced in the house is one by Representative Edwards of Kentucky, to assist states in enforcing anti-cigarette laws, providing that all cigarette paper and material prepared for the manufacture of cigarettes, transported into any state shall be subject to the laws of that state just as though produced in the state and shall not be exempt "by reason of being introduced there in original packages or otherwise."

WITTE IS HOPEFUL

Russian Premier Expresses His Views of the Situation.

London, Dec. 14.—The correspondent of the Daily Telegraph at St. Petersburg in a report of an interview with Count Witte says the premier declared that the army would remain faithful; that the finances of the country were sound and that it was not his intention to resign. The correspondent in a series of questions presented numerous instances of the disloyalty of the troops and marines. The correspondent suggested the possibility of a sudden coup, by which the republicans would seize the reins of government, to which Count Witte replied that the members of such party would be ruthlessly cut down by the imperial troops. The idea of such a Republican government existing for even three days, the premier said, could only be entertained by foreigners who never had an opportunity to study the Russian national character or by thoughtless Russians who were incapable of interpreting that character.

"Russian national life," said Count Witte, "is pivoted on loyalty to the emperor, and how deep-rooted and widespread and fruitful is this principle will be seen if the revolutionists should be foolhardly enough to build upon a contrary assumption."

World's Sunday School Convention.

Philadelphia, Dec. 14.—The central committee representing the world's Sunday school convention, in charge of the interests of 250,000 Sunday schools with an enrollment of 26,000,000 members, met in this city and voted to hold the world's fifth convention in Rome, Italy, May 20 to 23, 1907. Representatives were present from various parts of the United States and Canada.

INTERESTING CONTESTS

District Chairmanship Attracts Attention in Several Localities.

Indianapolis, Ind., December 14.—In four or five districts there is a lively scrap on now for Republican chairman. In the First, S. W. Cook and G. A. Cunningham of Evansville, are candidates. It is said that Cook has the better chance of winning. In the Second, Will Hayes of Sullivan is at present the only avowed candidate. In the Third Joe Throop of Orleans is the only candidate. In the Fourth, W. W. Lambert of Columbus and Elmer Boone of Whiteland are candidates. In the Fifth there are no avowed candidates against Julian D. Hogate of Danville, Owen Carr of Rushville has no opposition in the Sixth. In this district there are two active candidates—Oliver Ensley, county chairman, and William Bosson, member of the last legislature. In the Eighth there are two candidates—Mayor-elect Terhune of Anderson and G. V. Newcomer of Elwood. Terhune will be elected. In the Ninth there is no opposition to George Dinwiddie of Frankfort. So far Henry Marshall of Lafayette has no opposition in the Tenth. John Dicken of Wabash has a clear field in the Eleventh and C. F. Bicknell of Fort Wayne has no avowed opponent in the Twelfh. In the Thirteenth it is very probable that John Moorman of Knox will be re-elected. Under the circumstances it is not very likely that more than two or three of the members of the present committee will be re-elected but in a majority of the districts there will be but one candidate.

The Democratic state committee will be reorganized here Jan. 8. The official call for a meeting then was issued today by Chairman O'Brien after a conference with the district chairmen. O'Brien and several members of the committee arrived here last night. He said he issued a called two weeks ago for a meeting today. It is understood that nothing was discussed except arrangements for the district conventions and other plans for reorganization. Members of the committee seem to be at sea as to what is to be the future course of the party, as this is the first time they have been together since the landslide. It is not likely that more than three or four present members will be candidates for re-election. Chairman O'Brien put at rest the stories that he is seeking to manipulate matters so he can be re-elected. He said he has been paying close aettention to his business at Lawrenceburg and knows nothing of what has been done toward reorganization. It is not likely he will be an avowed candidate for chairman. National Chairman Taggart was here giving the visiting party leaders the glad hand. J. T. Fanning, Seventh district chairman, arrived last evening from Washington and was met at his hotel by many party workers here. It is very likely he will be a candidate for re-election.

A report that Robert W. Miers of Bloomington will not be a candidate for renomination by the Democrats of the Second district for congress has caused no little surprise, as it has been the general understanding in political circles that Miers would try to regain the laurels he lost in the landslide last November when he was defeated by Congressman John Chaney of Sullivan. Miers is one of the most popular men in his district and the four times he was elected polled a very large number of Republican votes. He always ran several hundred ahead of his ticket. It was no fault of his that he was defeated last November. With him out of the way the bars will be down for a number of aspiring Democrats. State Senator Cy Davis of Bloomfield is already a candidate for the nomination, and it is understood that Alvin Padgett of Washington and half a dozen others will soon get into the running.

The Marion county grand jury has completed its December session and has made a final report to Judge Alford. Twenty-four indictments were returned, but none of them was against John Ward of Monticello, who was removed from office last week by Governor Hanly because of alleged irregularities in his accounts. Governor Hanly placed the report of his expert bank accountaints in the hands of Prosecutor Benedict and they were called before the grand jury to testify as to what they knew about the case. It is understood that they told all the information they gave to the governor and that the grand jury did not regard it as sufficient ground for an indictment. The investigation of Ward, it is said, may be taken up by the grand jury in January, but it is not believed that an indictment will be returned unless Governor Hanly's experts get more conclusive evidence.

The congressional situation in the Fifth district has been enlivened by the announcement of State Senator Cavins of Terre Haute that he may be a candidate to succeed Congressman Holliday. If he does it will be a case of youth against old age, as Congressman Holliday is nearly three score years and ten, while Cavins is about thirty. Cavins made a good record during the last session of the legislature. He was formerly chairman of the Vigo county Republican committee, and is frank enough to admit that he would like to go to congress, but that he is waiting until the result of the fight over the state chairmanship is settled before he makes a definite announcement.

The engineers' and firemens' strike on the Atlantic & Birmingham railroad has been called off.

A NEW GOVERNMENT

Lithuanians Have Thrown Off Their Ancient Vassalage.

St. Petersburg, Dec. 13, via Helsingfors and Berlin, Dec. 14.—Two messengers who arrived here from Riga today, having walked about 130 miles to catch a train at Plock, not only confirm the report that a provisional government has been set up in Livonia, but they say that many of the troops have gone over to the insurrectionists.

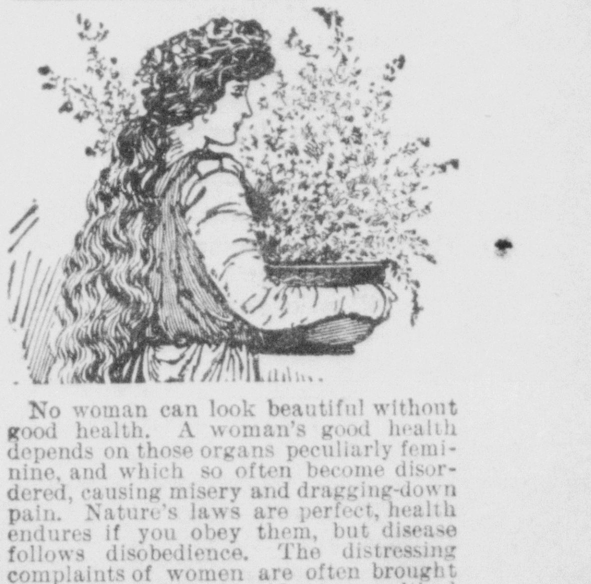
Dvina fort, commanding Riga harbor, is in their possession and the governor and other Russian officials are prisoners. The messengers add that the provisional government exercises authority throughout Livonia and part of Courland.

The new government has declared the saparation of the Lithuanian people from the Russian empire. They have chosen new local officials and have decreed the closing of the spirits shops and breweries and the annulment of contracts between the peasants and the land owners. There is a general uprising of the native peasants, who are traveling in armed bands, attacking the estates and driving off or killing their owners.

Some of the land owners have organized volunteer battalions to protect their property, as the authorities are powerless to afford aid, but the majority are fleeing in terror. The peasants forbid the owners to sell grain or lumber and formally declare the forests and estates of those who have departed will be confiscated.

The position of the peasants in these provinces has been the most deplorable of any in the entire empire. Conditions approaching those of the feudal system have been continued down to the present time. They practically have kept the peasants in a state of vassalage, placing them at the mercy of the German barons from whom they rent land and purchase the right to cut wood, and fish in the waters of the gulf.

The Russian officials are being expelled from the provinces and many of them have been killed in the streets of the towns. There is a reign of terror at Riga. Women and children are living in the upper stories of houses and foreign merchants are winding up their business or abandoning everything in order to escape.



No woman can look beautiful without good health. A woman's good health depends on those organs peculiarly feminine, and which so often become disordered, causing misery and dragging-down pain. Nature's laws are perfect, health endures if you obey them, but disease follows disobedience. The distressing complaints of women are often brought about by catching cold at a critical period, breathing foul indoors' air and long hours of work and nervous tension. Go straight to Nature for the cure—to the forest. Dr. Pierce's Favorite Prescription is *Nature's cure* for the distressing complaints of women. Prof. King, M. D., in his American Dispensatory, says of Black Cohosh or Black Snake-root—"our early American Indians set a high value on this root in diseases of women. *It is surpassed by no other drug, in congestive conditions of the parts where there are dragging pains and tenderness.*"

Lady's Slipper root is a "nerve stimulant and tonic, improving both circulation and nutrition of the nerve centers—favoring sleep and cheerful condition of the mind; of service in mental depression, nervous headache, irregularities of women with despondency."—*Prof. King.* Besides the above ingredients there are—Golden Seal, Unicorn and Blue Cohosh roots in Dr. Pierce's Favorite Prescription.

Dr. Pierce's Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Over 1000 pages and illustrated. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

POLITICAL

Columbus Republican Has Something to Say About The Organization.

In the organization of the republican state central committee the primary consideration should be party and the principles it represents. Nothing should be permitted in the organization of the state committee that might in the least militate against the success of the republican party. The continued prosperity of the state and of the nation depends upon the republican party being perpetuated in power; on the assurance that the principles of the republican party shall be maintained. For these reasons the success of the party is more to be desired and fought for than the success, politically of any individual member of it.

In the organization soon to be perfected the principal interest centers about the state chairmanship, the position now held by James P. Goodrich Mr. Goodrich has been elected to this position three times, the first time to fill out the unexpired term caused by the resignation of Charles S. Hernly. Mr. Goodrich has made a good state chairman. It was during the incumbency of Mr. Goodrich that the great victories—in fact the greatest victories in the history of the party in Indiana—were achieved None of Mr. Goodrich's friends claim that the magnitude of these victories was due to the exclusive effort of the state chairman, but the fact remains that they were recorded during the time that the hand of James P. Goodrich was guiding the destinies of the party in Indiana. This is not intended as a boom for Mr. Goodrich for re election. In fact, the Republican thinks that Mr. Goodrich has won his spurs and will be content to rest on the laurels so gallantly gained.

At present there is but one avowed candidate for state chairman, George H Shideler, of Marion, although Mr. Goodrich may seek re-election. Generally speaking republicans favor rotation in office—in the office of state chairman as well as in other offices,—and for this reason Mr. Shideler, being the only avowed candidate, as against Mr. Goodrich, who has been so signally honored in this respect, will experience little difficulty in landing the coveted honor. His election being thus practically assured. The Republican feels confident it will be to the best interests of the party. It will have a tendency to solidify the party throughout the state and to keep it in the healthy and winning condition brought about by the untiring efforts of the retiring chairman.

In district politics Wm. E. Springer, who has served so acceptably as district chairman, is not a candidate for re-election, but there are two avowed candidates for the honor, they being W. W. Lambert, of this city, and Elmer E. Boone, of Johnson county. It is rumored that V. K. Officer, of Madison, may become a candidate. Bartholomew county will be found solidly for her candidate, Mr. Lambert and there is little doubt of his election He has an extended acquaintance throughout the district which will materially assist him in his canvass. He is particularly well known to state politicians, having served as joint senator for Bartholomew and Decatur counties. His election will be eminently satisfactory to those who would organize the state committee for the exclusive benefit of the party.—Columbus Republican.

Indiana State Grange Elects Officers for Coming Year.

The annual meeting of the Indiana State Grange is nearing the closing session. The meeting tonight will be the last except that there will be a conference of officers and deputies Friday morning at the New Lynn.

Every delegate the REPUBLICAN has interviewed says that the meeting here has been one of the best the State Grange has ever held. They praise the members of the Seymour Grange for their interest and continuous effort to make the meeting a success. Their hospitality has contributed much to the pleasure of the visitors since they reached our city. The reception committee consisting of O E Carter and wife, Chas. Roeger and wife, D W. Rapp, Mrs. D. W. Wilson, J. W. Holmes and Mrs. J. O White has bad the earnest assistance of all the members of the Seymour Grange.

The meeting Wednesday night was one of much enjoyment and benefit to those present. It was a closed session and the fifth degree was conferred by the St. Joseph county Pomona and the sixth degree by the State Grange. The work was excellent according to the judgment of those who saw it.

Thursday morning the committee on resolutions was to report and some of the committees were ready with their reports. These reports are always of prime importance and are heard and discussed with much interest. No part of these reports have been made public as yet The afternoon meeting was occupied largely with further reports of committees and officers. To-night all unfinished business will be disposed of before final adjournment.

The officers for the coming year were elected today as follows:

Master, Aaron Jones, South Bend.

Overseer, F. J. S. Robinson, Cloverland.

Lecturer, Laura E Rigney, Terre Haute.

Steward, Arch Stinson, Rochester.

John Doe X His Mark

A man's mark is his honor. It stands for him and he stands for it. It's the old Saxon way of signifying good intentions.

The right to be protected in the exclusive use of a trade mark has been long recognized by the common law and enforced by the chancery courts of England and this country.

The Government puts its mark on a bond to give it value.

The NATIONAL BISCUIT COMPANY puts its trade mark in red and white on each end of a package of biscuit, crackers or wafers to distinguish these products and to guarantee the quality, and *it does*.

To more clearly comprehend the real value of this trade mark, try packages of BUTTER THIN BISCUIT and LEMON SNAPS.

HUMAN SHAMBLES

Horrors of Odessa's Carnival of Crime Partially Revealed.

Denver, Dec. 13.—H. H. Pollish of this city has received a letter from his brother Eli in Odessa, describing the massacres of Jews in that city. The letter in part follows:

From Oct. 17 to Oct. 23 my family and I were hidden in the darkness of our cellar and now thank God that our lives were even spared. There are 30,000 families that saved absolutely nothing but the clothes which they wore and are now huddled together in the open streets. There were 20,000 injured and 15,000 murdered. Little children were hurled out of the windows to their death, and awful injuries were inflicted. Women were pierced with large knives, their stomachs and intestines cut open, and were then left to die in the streets by thousands."

Train Hit Wagon.

A dispatch from Washington says that Wednesday afternoon a fast east-bound B. & O. S-W. freight train struck a wagon occupied by Mr. and Mrs. Lewis Zinkan and their two children, Margaret and Vincent, aged 4 and 5 years respectively, of Montgomery at the Baltimore & Ohio Southwestern Railway crossing at Eleventh street in Washington, demolishing the wagon and hurling the four fully fifty feet. The children were critically injured and are at the Wall Sanitarium in an unconscious condition.

It is feared that neither will recover. One has concussion of the brain. It is believed Mrs. Zinkan suffered a fracture of the shoulder blade. She will recover it is thought. Mr Zinkan was only slightly hurt, but his escape was miraculous. The horses were not hurt. The family was coming to town and drove onto the track before seeing the train.

Grip Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of la grippe with all its miserable symptoms," says Mr. J. S. Egleston of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip." These tablets promote a healthy action of the bowels, liver and kidneys which is always beneficial when the system is congested by a cold or attack of the grip. For sale by C. W. Wilhous.

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

Kodol

Do the right thing if you have Nasal Catarrh. Get Ely's Cream Balm at once. Don't touch the catarrh powders and stuff, for they contain cocaine. Ely's Cream Balm releases the secretions that inflame the nasal passages and the throat, whereas common "remedies" made with mercury merely drive them out and leave you no better than you were. In a word, Ely's Cream Balm is a real cure, not a delusion. All druggists, 50c., or mailed by Ely Bros., 56 Warren street, New York.

AN EXCURSION TO CUBA.

Two Indianapolis Teachers Arranging for an Interesting and Attractive Midwinter Outing From

DECEMBER 22 TO JANUARY 2, INCLUSIVE

Before the Spanish-American War, Cuba was no better known to the average American than any other of the many islands adjacent to the continent, but today this Island, with its chief city, Havana, is attracting more attention than all the others combined.

Pursuant of many requests, which come to Messrs. Hall & Forsyth, of the Indianapolis High Schools, by persons who had accompanied them on other trips, for an excursion to Cuba, they visited the Island in June, and now have every detail arranged for what promises to be the most attractive outing of the season.

The party will leave Indianapolis, Indiana, via the Pennsylvania Lines to Louisville, Ky., thence via the Louisville and Nashville Railway to Mobile, Ala., where they will board the Munson Line Steamship, "Prince George" for Havana, covering an itinerary of over three thousand miles in twelve days; two of which will be consumed in the trip on rail, over the beautiful country between Indianapolis to Mobile, and return; four on the ocean and six on the Island of Cuba.

The ticket will cost seventy-five dollars, and will cover every expense except meals while in Havana.

A beautiful booklet, containing one hundred and twenty-five pages of information and descriptive matter, is now ready for distribution.
